HENLEY STOVES FIREPLACES CATALOGUE 2026

EVERY HOME DESERVES A HENLEY.

ABOUT US

Ireland's leading stove and fireplace manufacturer.

Based in Kerry with an extensive background in stoves and fireplaces. The core aim of our family run company is to provide a genuine quality product at affordable prices and to provide an exceptional customer service.

At Henley we are committed to providing quality products at affordable prices backed up with a market leading focus on customer service. From factory floor to family home, our customers are our first priority.

Henley Stove is one of the fastest growing fireplace brands in both Ireland and the UK.

We pride ourselves on using new designs, new technology and new environmentally friendly standards to ensure we are a market leader in the provision of the latest quality affordable stoves.

Henley has been at the heart of homes across Ireland and the UK since 1989

Every home deserves a Henley.

EVERY HOME DESERVES A HENLEY.

5kW | Henley Sherwood

About:

The Sherwood 5 has received an energy rating of A+ and nearly 82% efficiency. It comes with an airwash system which helps to keep the glass clean. It features a tertiary air system. This creates a clean burn system where hot air pushed into the firebox above the normal height of the fire. This allows the excess gas to combust giving a cleaner burn.

Features:

5kW Output

6.5kW | Henley Elmwood – Convection Unit

About:

Introducing the Elmwood Convection heater, Eco Design Ready with a 6.5kW heat output. The simplicity of the matt black finish combined with a classic yet modern Victorian design make this model a popular choice for new builds. Ecodesign is a new European-wide program to lower emissions and improve air quality. Ecodesign Ready stoves are the most environmentally friendly stoves available today and benefit from low particle emissions. 90% better than open fires and 80- 84% better than older stoves.
